create a path to success.

or as an aspiring manager, AHRA will help you
Whether you’re a seasoned medical imaging leader

"AHRA’s membership has helped Tallahassee Memorial HealthCare Imaging Services reach the next level of excellence in technological advances, fiscal planning, maximizing current reimbursement requirements and most of all—succession planning through education of new imaging leaders."
Cindy Winter, CRA, FAHRA

"When you get serious about your career and the direction you are going, AHRA is the single best resource for achieving your goals. The meetings and conferences provide an excellent way to connect with other medical imaging leaders and get CE credits all at the same time."
Brenda Rinehart, CRA, MBA, ARRT(R)(M)(CT)

"On more than one occasion I have been in an organizational leadership meeting and we have needed to know how other facilities handled a similar situation to the one we are facing. I have posted my question to the Forum and within minutes received responses from 10 different facilities."
Bill Algeo, CRA, FAHRA
